THE BLACK BOOK CONCEPT

Historically used by the masculine gender in Soho, the Black Books referred to the notebook where special contacts, numbers, addresses used to be secretly kept. These information's were used to spend a jolly evening! For us, it is even more special because OUR Black Books retain a list of very special wines.

From iconic producers, vineyards, vintages, grapes and within different style we are suggesting various wines to enjoy from now.

The wines are in limited quantities! When they are gone, they are gone!
Spot a gem, be quick and enjoy it,
nothing is planned to last unless it is pleasure....
